Goals of the organization for 2026

1. Implement changes to the internal quality assurance system (IQAS) in the context of changes to the standards and recommendations of the SAAVŠ and changes to legislation (short SP, micro-certificates, new Act on Higher Education).

2. Successfully complete the research project 09I05-03-V04-00043 "Digital School of Security" by 31.3.2026.

3. Increase the volume of research activities, publication activities and the number of projects with financial support.

4. Further implement the recommendations of the SAAHE resulting from the assessment of the IQAS of higher education completed in 2025.

5. Development of primary and service tools of the school and staff skills necessary for a hybrid form of teaching supported by digitalization, including the development of the Bratislava and Přibram workplaces .

6. Improving the qualifications of employees at home and abroad.

7. Implement further steps for cooperation with foreign countries in the field of research and education of foreign students.

To achieve the set goals, the organization has adopted partial tasks with deadlines and responsible persons assigned by the Quality Council and the Board of Directors of USM.

The monitoring of the fulfillment of tasks and the achievement of goals is carried out by the IQAS representative on an ongoing basis.
